

Holiday Restrictions

Thanksgiving Day to January 2

A NOTICE OF TEMPORARY RESTRICTION TO ALL APPLICANTS, CONTRACTORS, UTILITIES, AND GOVERNMENT ORGANIZATIONS

Due to the ever-increasing traffic volume on many of the City's roads, it is necessary to restrict lane closures on certain roads during the holiday season. **These restrictions will be in place from Thanksgiving to one day after New Year's.** Engineering may not issue a barricading permit for any project that occurs on any of the following roads. Engineering will grant an exception for documented emergency work or on-going construction work. *Exceptions will be evaluated on a case-by-case basis.*

Sun Link Modern Streetcar:

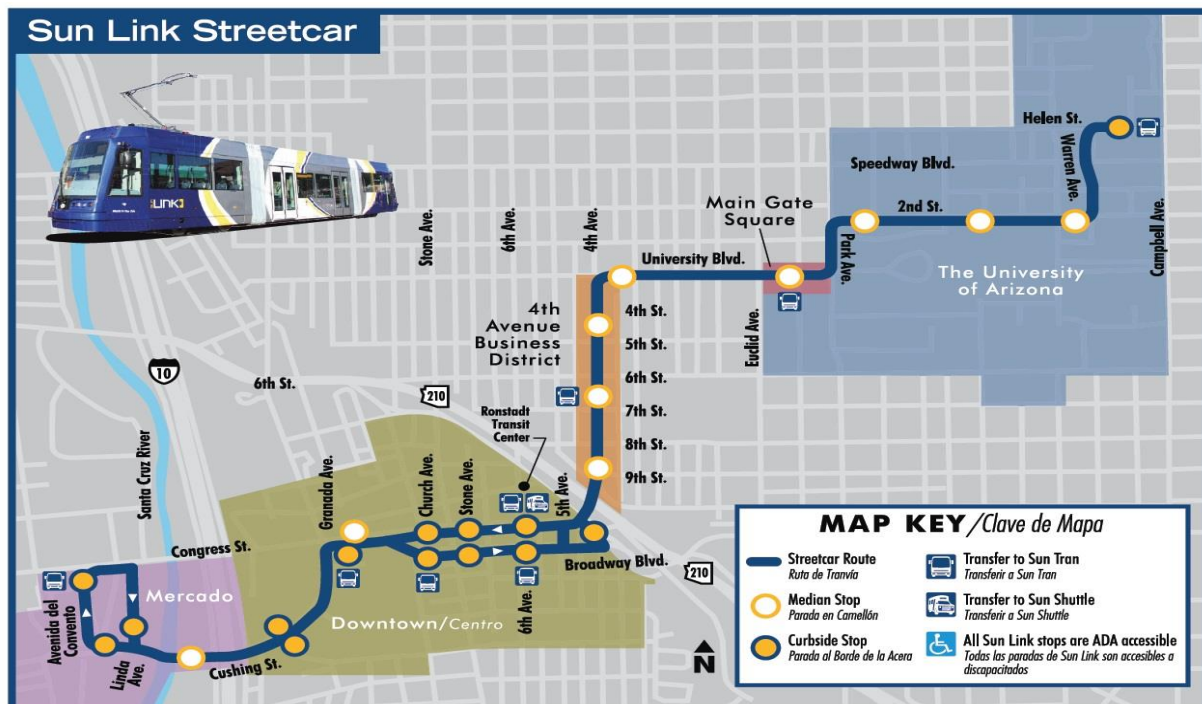

The Sun Link Modern Streetcar provides dependable transportation on a fixed rail system with high voltage overhead wires. Sun Link service cannot be interrupted for any purpose other than emergencies. Special training and certification is required for anyone performing work along the Sun Link Modern Streetcar route. Please contact the Sun Link Operations Control Center (520) 791-3333 or trackaccess@tucsonaz.gov with sufficient notice and coordination with Sun Link, the high voltage overhead wires may be powered down during non-operating hours.

Sun Link's modified schedule will begin, Thursday, June 9, 2016. The Sun Link streetcar will modify its service schedule on Thursday, Friday and Saturday nights to efficiently meet passenger demand.

The new schedule is as follows:

MON - THUR	FRIDAY	SATURDAY	SUNDAY
7am – 9am every 15 min	7am – 9am every 15 min	8am – 10am every 30 min	8am – 10am every 30 min
9am – 6pm every 10 min	9am – 6pm every 10 min	10am – Midnight every 15 min	10am – 6pm every 20 min
6pm – 10pm* every 15 min	6pm – Midnight every 15 min		6pm – 8pm* every 30 min

*Last trip of the day begins at these times

Civic Events:

Civic events are common and are supported by the City as both a source of civic pride and an economic development tool. Civic event related street closures will be given priority, in most cases, over non-emergency construction. Contractors performing construction in the central business district may be required to suspend their activities during an approved civic event. In these instances, every effort will be made to notify the contractor well in advance of the need to suspend construction activity. For planning purposes, annual civic events that must be accommodated by non-emergency construction are listed here. This list is intended as a guideline only. One-time, new, or irregularly scheduled civic events may be approved that do not appear on this list.
